GENERAL STATEMENT OF COMPLIANCE

We, FALCO Zrt, declare under Our responsibility that the product

“E-LE” PARTICLE BOARD

fulfills the formaldehyde requirements of **IKEA** and compliant with **CARB P2 level** according to **California Code of Regulations** 93120.2 (a) title 17, and with requirements defined in Formaldehyde requirements of wood-based materials and products **IOS-MAT-0003** version AA-10899-10 based on perforator test method in accordance with **EN ISO 12460-5**.

We state, that **FALCO Melamine Faced Particle Boards (MF-PB)** are produced from “E-LE” compliant Particle boards in any case.

Disclaimer:

1. The relevant measurement procedure is in any case the perforator method according to EN ISO 12460-5.
2. Products can only be claimed based upon test results of 2 certified institutes, at least one by the choice of Kronospan. Tests have to be done by perforator method showing that measured value exceeds the limit value including the measurement tolerance.
3. Any claim will be solely governed by the relevant Kronospan sales, delivery and payment condition.
4. Self declarations and external supervision reports will only be submitted every 3 month, whereas the trimming depends on the inspection cycle of our external and certified supervision institute (EPH – TPC No. W-14-010).
5. Customer specific conditions or specifications are excluded.
6. In case of different opinion between the parties the normal and rules of the EU are valid.
